WORKING WITH FRONT RANGE VENUES SINCE 2005.

LIVE MUSIC - As a solo artist JVonD offers a unique **concert performance** ranging from **guitar anthems** on **dance beats** to traditional themes like **Christmas music**. His flexible stage setup allows for the addition of session musicians, even full bands, while also being able to seamlessly segway the rock/trance into his new disc golf rap songs.

Interested in hosting the **album release** of "Disc Golf" the rap CD? Touch base with this wildly popular sport by offering a space for this **growing community** which is known not only for their **libation consumption** but **friendly party attitudes**.

EDM NIGHTS - Looking to bring the club life to your venue? The **electronic dance music** scene is exploding. We can make it easy for you to offer a periodic event to attract your target audience and keep them coming back. If needed we can provide all the sound reinforcement, lighting, and other **back-end solutions** for any gig.

JVonD has shared the stage with many different artists and bands so he has a long list of attractive participants. Also working the back-end of many **fundraisers, festivals, live shows, and broadcasts**, JVonD has the resources to bring your vision to reality.

CERVANTES' MASTERPIECE

FRONT & BACK - In need of a **responsible production engineer**?

Whether its **visual or auditory** JVonD can solve any problem and has helped the community put on **flawless shows** time and time again.

Recording A/V since 1992, JVonD has an **extensive knowledge** of the motion picture realm and puts his all into every production as if it's his own.

Live sound mixing to a 3 camera **streaming broadcast**, he's got you covered.

JOHNNY'S CIGAR BAR

OPEN MIC NIGHT - The ultimate open mic night is now within your reach. JVonD is the creator the wildly popular "**Virtual Open Mic**". This event was a big hit in 2009 when JVonD and Johnny's Cigar Bar brought an audio/video live **streaming/archiving solution** to the **music community** where in less than one year they created 700+ A/V archives for musicians to enjoy and share for free.

The **musicians spread the word** and the **popularity spread extremely fast**.

He'd like to revive this event around Longmont and give the community another opportunity to share their great memories while sharpening their skills.

FOX THEATER

SPECIAL EVENTS - TV Shows and Podcasts can attract a entirely different crowd. JVonD Productions specializes in bringing the shows out of the studio and into the field to encourage community interaction while maintaining a very small footprint. It's a win for both show and venue where both parties make more money and keep the community interested and coming back for more.
